## ORDER FOR DISCONTINUED SERVICE

**One form is required for EACH account where water service will be permanently discontinued.**

**After May 1, 2023, owners shall not be granted a discontinuance of service, except in the case where the lot has been legally merged with a lot that has established water service within the district.**

As the legal owner of the property listed below, I direct Paradise Irrigation District (District) to discontinue my water service. I understand that:

1. District shall remove the meter that currently serves my property.
2. When reactivating service to a parcel with a Service Line that is still pressurized, under current District policy, I shall be charged for Labor, Equipment, Materials, Overhead (LEMO), and backflow for meter installation in the amount of \$2,000. I shall also be responsible for paying the cost of any permits needed.
3. I shall pay a capacity fee of \$1,450 for a ¾ meter. This rate will increase \$1,450 each July through 2027.
4. The opportunity to reactivate service applies only to the same size (or smaller) meter, located on the same parcel.
5. District shall send a final billing during the regular billing cycle for a Discontinued Service.
6. I understand I am responsible for all charges on the account prior to the District receiving my Order for Discontinued Service.
7. District is not responsible for any loss or damages associated with the property due to discontinuance of service.
8. District reserves the right to review its policy and adopt changes as necessary.
9. These conditions are applicable to future owners of the property. I understand that it is my responsibility to disclose this to potential buyers.
10. I understand it is my responsibility to ensure the District has received my Order for Discontinued Service and that I will receive a letter or email from the District confirming receipt of my order.

I have read and understand the above information and request to have my meter service discontinued.
